

Compact Quad Copter Anti Drone Module WIFI GPS 100W Signal Jammer Module

Our Product Introduction

for more products please visit us on chinaantidrone.com

Basic Information

- Brand Name: MYT
- Model Number: Compact Quad copter Drone WIFI GPS 100W Signal Jammer Module
- Minimum Order Quantity: 1 unit
- Supply Ability: 1000units per month

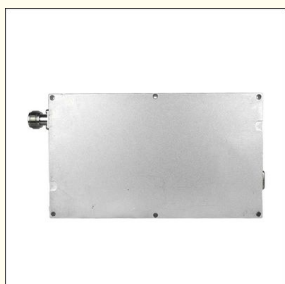

Product Specification

- Highlight: anti drone module wifi, 100w signal jammer module, compact anti drone module

Product Description

The 100W jammer module is customized for drone jamming application, especially the long range drone signal jammer used in the base station, chemical factory, oil depot, etc. It is easy for the combination with the drone detector system. It is an cost effective solution for the drone jamming and detector combination system.

Compact Quad copter Drone WIFI GPS 100W Signal Jammer Module Specification

No.	Parameter	Value	Unit
1	Frequency	Customized	MHz
2	Output Power	100	W
3	Gain	50	dB
4	Current	10	A
5	Size	202*102*27	mm
6	Weight	910	g
7	Output Connector	N	50Ω
8	Work Voltage	24/28/32	V
9	Work Temperature	-40~+65
