

Perimeter Defense System Microwave Radar Early Warning Fence Vibration Detection System DP200

Our Product Introduction

for more products please visit us on chinaantidrone.com

Basic Information

- Place of Origin: China
- Brand Name: MYT
- Model Number: DP200
- Minimum Order Quantity: 1 units
- Delivery Time: 10 work days
- Payment Terms: L/C, T/T
- Supply Ability: 500units per month

Product Specification

- Highlight: perimeter defense system microwave radar, early warning fence vibration detection system, fence perimeter defense system

Product Description

Perimeter Defense System Microwave Radar Early Warning Vibration Intrusion Detection System DP200

1, Product Introduction

The Intelligent Perimeter Defense System DP200 is a security measure for the closed management and protection of fenced areas. It can promptly issue alarms and warnings for actions such as climbing and damaging the perimeter, achieving the goal of timely handling and prevention, ensuring the security of the perimeter.

2, System Composition

DP200T

Vibration Intrusion Detector

3, System Introduction

Perimeter intrusion prevention system is a technical measure to control the undisclosed management and secure perimeter area.

4, Management Platform

5, Specification

DP200T

Vibration Intrusion Detector

DP200T Specification (● yes, ○ no)		
Installation Method	Fence Wall Mount	●
Data Communication	RS-485	●
Operating Temperature	-55 to +85	●
Operating Voltage	12V DC	●
Operating Current	20mA	●

DP200Z

Vibration Intrusion Detection Master Unit

DP200Z Specification (● yes, ○ no)		
Installation Method	Fence Wall Mount	●
Data Communication	RS-485	●
Operating Temperature	-55 to +85	●
Operating Voltage	12VDC	●
Operating Current	24VDC	●

6, After-Sales service

Lifetime free model library upgrades, professional 24/7 online service, customizable colors and languages.
