

Man Portable Defense System Jammer Anti Drones Hand Held DR3004

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: MYT
- Certification: CNAS、CMA、CAL、ILAC-MRA
- Model Number: DR300(6 frequency bands)
- Minimum Order Quantity: 1
- Price: Negotiable on Customization
- Delivery Time: 10 work days
- Payment Terms: L/C, T/T
- Supply Ability: 1000units per month

Product Specification

- Countermeasure Frequency6 Bands Band:
- Countermeasure Distance: $\geq 2\text{km}$
- Weight: $< 5\text{kg}$
- Size: 688mm * 85mm * 208mm
- Highlight: jammer anti drones hand held, man radar anti drones, man jammer anti drones

Product Description

Drone Jammer Man portable defense system Hand held anti drone equipment

1, Product Introduction

The DR300-4 is a single-soldier device with the longest strike distance, which forces low-altitude, slow-moving, and small drones to land or be repelled by interfering with their flight control, image transmission, and navigation signals.

2, Functional highlight

Countermeasure Range: $\geq 2\text{km}$

Comprehensive Control of Drone's Electromagnetic Signal Information: Multiple countermeasure frequencies, covering a wide range of models

Strong Environmental Adaptability: Supports complex environments such as high temperatures, extreme cold, and high altitudes

Easy Operation: Ready to use immediately, quick to master

Racing Drone Interference: Stands out in countering racing drones

Strong Expansion Capability: Equipped with a rail system for mounting various accessories (such as optical sights)

Military-grade Quality: Engineering Plastic casing, shock-resistant, and not afraid of high temperatures

3, Parameter

Feature	Specification
Countermeasure frequency band	900MHz, 1.2GHz, 1.4GHz, 1.5GHz, 2.4GHz, 5.8GHz
Countermeasure distance	≥2km (depends on working conditions)
Battery life	≥24h
Working temperature	-40°C to +60°C
Battery	Two built-in low temperature resistant lithium batteries
Weight	<5kg (including the battery)
Size	688mm * 85mm * 208mm (length * width * height)

DR300

(6 frequency bands)

Device for drone countermeasure

This device is a countermeasure device with the best long-range strike effect. It can achieve interference of remote control, image transmission and navigation signals of all kinds of small, low, and slow drones, forcing them to return or make an emergency landing.

1V1 customized services | Continuously strike over **100** drones
1+N collaborative linkage | **2km** long-distance strike | Strong environmental adaptability

DEVICE FEATURES

Precise and efficient strike

Strong battery life

Customized services

Military quality

Integrated design

Strong scalability

DEVICE PARAMETERS

Countermeasure frequency band	900MHz, 1.2GHz, 1.4GHz, 1.5GHz, 2.4GHz, 5.8GHz
Countermeasure distance	≥2km (depends on working conditions)
Battery life	≥24h
Working temperature	-40°C~+60°C
Battery	Two built-in low temperature resistant lithium batteries
Weight	≤5kg (including the battery)
Size	688mm*85mm*208mm (length*width*height)

4, Certification Certificate

5, Company profile

Chongqing Miao Yitang Technology Co., Ltd. is a specialized company engaged in anti-drone and unmanned intelligent defense management. With the technical support from the AI Internet of Things Research Institute of the Chinese Academy of Sciences and collaborations with multiple intelligent AI companies, the company has established research laboratories for AI unmanned field products, accumulating a variety of technical patents.

The company's products are widely applied to unmanned automatic management solutions for various defense and perimeter areas, including AI anti-drone systems and AI unmanned vehicle patrol systems. These systems integrate with multiple technologies such as optoelectronics,

radar, vibration, thermal imaging, facial recognition, and radio frequency management, truly achieving a 24-hour uninterrupted anti-drone defense and ground perimeter defense warning system. This allows for cost savings for clients, reduction in human resource allocation, and ensures the safety of clients' lives and property. The outstanding security system has won the company an excellent reputation and created higher value for its partners.

6, Customer Service

CUSTOMER SERVICE

- * Fast and patient communication: professional sales reply immediately
- * Fast delivery: usually 2-7 days
- * Flexible Safe shipping: fast by air or sea with cheap freight
- * Customer-friendly: complete user manual and exact video training provided
- * After sales service: one year warranty and life time technical support
