

Light Weight 2.4GHz 5.8GHz Handheld Anti Drone Gun with 1000 Meters Defense Distance DR300S3

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: MYT
- Certification: CNAS、CMA、CAL、ILAC-MRA
- Model Number: DR300S3
- Minimum Order Quantity: 1
- Price: Pricing is negotiable based on order quantity
- Packaging Details: 25mm*25mm*25mm, 2KG
- Delivery Time: 10-20Days
- Payment Terms: TT,LC
- Supply Ability: 1000units per month

Product Specification

- Defense Frequency Band: 1.5GHz, 2.4GHz, 5.2GHz, 5.8GHz
- Defense Distance: >1000 Meters
- Working Temperature: -40 ~+60
- Carrying Method: Handheld, Waist-mounted, Back Strap
- Battery: Built-in Low-temperature Resistant Battery, Standard With 2 Pieces
- Weight: 1.5kg (including The Battery)
- Size: 312mm*60mm*224mm(length*width*height)
- Display Screen: Built In Display To Check Battery Level At Any Time
- Highlight: 5.8ghz handheld anti drone, light weight drone jammer gun, 2.4ghz drone jammer gun

Product Description

Light Weight Drone Jammer Gun / 2.4GHz 5.8GHz Handheld Anti Drone DR300S3

Directional Drone Jammer Light Weight Anti Drone Gun DR400S

The DR400S (Hummingbird) is an independently developed lightweight single-soldier device designed for effective drone control within visual range. This advanced countermeasure system operates by emitting high-intensity electromagnetic waves at specific frequency bands to disrupt video transmission, data communication, and positioning signals of unauthorized drones, compelling them to leave the area or land safely. Weighing only 2kg with a compact design, this device offers rapid response capabilities and can be deployed independently or integrated with drone detection systems. It represents a cost-effective, highly maneuverable portable solution widely applicable in patrol reconnaissance, escort protection, area defense, and various security operations.

Functional Highlights

- **Military-grade Quality:** Excellent heat dissipation performance, reliable operation in harsh weather conditions
- **Long Battery Life:** Rechargeable lithium battery pack with extended endurance capabilities
- **Lightweight Design:** Compact and portable, ideal for individual carry and deployment
- **Strong Environmental Adaptability:** Capable of operating in complex environments including high temperatures, extreme cold, and high altitudes
- **High Integration:** Advanced microwave circuits with compact miniaturized antenna design
- **Easy Operation:** One-handed control capability, ready for immediate deployment

Technical Specifications

Defense Frequency Band	1.5GHz, 2.4GHz, 5.2GHz, 5.8GHz
Defense Distance	>1000 Meters
Working Temperature	-10 to +50
Carrying Method	Handheld, waist-mounted, back strap

Battery	Built-in low-temperature resistant battery, standard with 2 pieces
Weight	2kg (including battery)
Size	312mm × 60mm × 224mm (length × width × height)
Display Screen	Built-in display for real-time battery level monitoring
Material of Casing	CNC machined aluminum alloy material casing

DR400s

Lightweight drone countermeasure device

- Efficient strike within **1km**
- Lightweight design of **2kg**
- Long battery life of **24h**
- One click trigger**
- High configuration with low price**

The device is lightweight, individual-used, and portable. While ensuring defensive performance, the device is highly integrated with microwave circuits and small antennas. It is a powerful tool for controlling drones within the visual range.

| DEVICE FEATURES

Lightweight design

Superior performance

Super long battery life

One-button trigger

Practical design

| APPLICATION SCENARIOS

| Public security | Border patrol | Battlefield individual protection

| DEVICE PARAMETERS

Countermeasure frequency band	1550MHz-1620MHz, 2400MHz-2500MHz, 5150MHz-5250MHz, 5700MHz-5900MHz
Countermeasure distance	≥1km
Working temperature	-40℃~+60℃
Usage	Handheld, carried on the waist and back...
Battery	Two built-in low temperature resistant lithium batteries
Weight	≤2kg (including the battery)
Size	355mm*60mm*255mm (length*width*height)

Customer Service

CUSTOMER SERVICE

- * Fast and patient communication: professional sales reply immediately
- * Fast delivery: usually 2-7 days
- * Flexible Safe shipping: fast by air or sea with cheap freight
- * Customer-friendly: complete user manual and exact video training provided
- * After sales service: one year warranty and life time technical support
