High Speed Drone Remote Control 8 Core CPU 1080P Video Stream Low Power Consumption H30

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: MYT
- Model Number: H30
- Minimum Order Quantity: 2 units
- Delivery Time: 10 work days
- Payment Terms: L/C, T/T
- Supply Ability: 1000units per month

Product Specification

- Number Of Channels: 16
- Size: 361*393.2*102.4mm
- Weight: 2.24kg
- Display Size: 10.1 Inch
- Working Frequency: 1.4GHz/2.4GHz/800MHz
- RF Power: 23dBm@CE/FCC
- Working Range: >10KM
- Battery Capacity: 20000mAh
- Battery Life: 5 Hours
- Charging Interface: TYPE C
- Highlight: **high speed drone remote control**,
                          drone remote control 8 core,
                          1080p drone radio remote control

Product Description

RC Drone Jammer Remote Control High speed drone 8 core CPU 1080P video stream Low power consumption H30

1, Product Introduction

The MYT H30 adopts the Qualcomm 660 processor and is equipped with the Android 9.1 embedded system. It has three operating frequency bands of 1.4GHz, 2.4GHz, and 800MHz, making images clearer, with lower latency, longer distance, strong anti-interference, and supports multiple interfaces such as USB, 4G card slot, LAN port, audio, HDMI, TF, TYPE-C, etc. It also has a 10.1-inch high-definition industrial grade sunlight visual screen, IP65 dust-proof and waterproof, high structural strength, and is suitable for various harsh environments. The maximum remote control distance for video transmission can reach up to 50km

2, Functional highlight

Qualcomm Android Platform
Equipped with Qualcomm 660 high-performance processor and Android 9.1 system, powerful combination, smooth operation, powerful functions, and capable of running 3D maps.

Stable Tri-frequency
H30 has three operating frequency bands of 1.4GHz/2.4GHz/800MHz, stable, low latency, long distance, and strong anti-interference.

50KM remote control video transmission
MYT's unique digital image control data link technology enables H30 to achieve video transmission over 10kM and up to 50kM.

10.1-inch high-definition large screen
The MYT H30 has a 10.1-inch large screen with a resolution of 1920*1200 which is touchable and can be seen clearly in the scorching sun outdoors.

Rich interfaces
MYT H30 supports USB LAN interface, audio, HDMI, TF, Type-C interface and 4G card slot, allowing for the use of various functions of 4G cards.

3, Specification

H30 Specification (● yes, ○ no)		
Number of channels	16	●
Size	361*393.2*102.4mm	●
Weight	2.24kg	●
Display size	10.1-inch	●

Working frequency	1.4GHz/2.4GHz/800MHz	●
RF power	23dBm@CE/FCC	●
Working range	>10KM	●
Battery capacity	20000mAh	●
Battery life	5 hours	●
Charging interface	TYPE-C	●

4, Support and Services

At H30, we provide our customers with comprehensive technical support and services.

Our technical support team is available 24/7 to help with any questions or problems you may have. With years of experience, our team is equipped to handle a variety of issues that may arise. We also offer remote support if needed.

In addition to technical support, we also provide a variety of services to help our customers get the most out of their H30. We offer installation and setup services, as well as maintenance and repair services. We also offer customized solutions to meet specific customer needs.

At H30, we strive to provide our customers with the best possible service and technical support. If you have any questions or concerns, please don't hesitate to reach out to our team.

5, Packing and Shipping

Packaging and Shipping for H30

We use the highest quality packaging materials to ensure that your H30 arrive at their destination in perfect condition. All orders are shipped via UPS or FedEx with tracking numbers for easy tracking.
