

LightWeight 2KG Anti Drone Gun with 800 Meters Defense Distance and Low-Temperature Resistant Battery

Our Product Introduction

for more products please visit us on chinaantidrone.com

Basic Information

- Place of Origin: China
- Brand Name: MYT
- Certification: CNAS、CMA、CAL、ILAC-MRA
- Model Number: DR300S4
- Minimum Order Quantity: 1
- Price: Pricing is negotiable based on order quantity
- Packaging Details: 25mm*25mm*25mm, 2.5KG
- Delivery Time: 10-20Days
- Payment Terms: TT,LC
- Supply Ability: 1000units per month

Product Specification

- Defense Frequency Band: 1.5GHz, 2.4GHz, 5.2GHz, 5.8GHz
- Defense Distance: >800 Meters
- Working Temperature: -40 ~+60
- Carrying Method: Handheld, Waist-mounted, Back Strap
- Battery: Built-in Low-temperature Resistant Battery, Standard With 2 Pieces
- Weight: 2kg (including The Battery)
- Size: 312mm*60mm*224mm(length*width*height)
- Display Screen: Built In Display To Check Battery Level At Any Time
- Highlight: 2kg anti uav drone jammer,
2kg portable anti drone jammer,
1.5ghz anti uav drone jammer

Product Description

DR300S4 Lightweight Anti-Drone Jammer Gun

The DR300S4 is a directional drone jammer featuring lightweight design and advanced countermeasure capabilities against low-frequency hopping and spread spectrum drones.

Key Features

- Lightweight Design:** Highly integrated microwave circuits and compact antennas make it portable at under 2KG, operable with one hand
- Superior Performance:** Designed for interference against low-frequency frequency hopping, spread spectrum drones, and navigation frequencies
- Long-lasting Battery Life:** Equipped with rechargeable lithium battery pack for extended operation
- One-Touch Activation:** Minimal buttons, simple operation with instant activation
- Customization Support:** Available customization for attack frequency bands, casing colors, languages, and more

2+2 Strike Frequency Band • 500m-1km Precision Strike
2kg Operable with One Hand • Multiple Ways of Operation

product features

- Ultra lightweight design**
 Highly integrated microwave circuit, compact and light, easy to operate with one hand
- Customized defense frequency**
 Customize the 2 + 2 frequency band of the FPV or other special frequency band requirements
- Humanized accessories design**
 Supports three carrying methods: Handheld, waist strap and shoulder strap, choose according to user needs
- Low-power consumption, long-standby mode**
 Rechargeable lithium battery pack, long battery life, suitable for long-term patrol protection
- Military quality**
 Aviation aluminum shell, withstand high and low temperatures(-40°C~+60°C)
- Professional after-sales service**
 Support personalized customization services, 7 * 24 hours online

performance index

Defense frequency band	1.5GHz, 2.4GHz, 5.2GHz, 5.8GHz (Optional option)
Defense distance	> 800 Meters
Working temperature	-40°C~+60°C
Carrying method	Handheld, waist-mounted, back strap...
Battery	Built-in low-temperature resistant battery, standard with 2 pieces
Weight	2kg (including the battery)
Size	312mm * 60mm * 224mm (length * width * height)
Display screen	Built-in display to check battery level at any time

Technical Specifications

Specification	Details	Status
Defense Frequency Band	1.5GHz, 2.4GHz, 5.2GHz, 5.8GHz	●
Defense Distance	>800 Meters	●
Working Temperature	-40 to +60	●
Carrying Method	Handheld, waist-mounted, back strap	●
Battery	Built-in low-temperature resistant battery, standard with 2 pieces	●

Weight	2kg (including battery)	•
Size	312mm × 60mm × 224mm (length × width × height)	•
Display Screen	Built-in display to check battery level at any time	•
Material of Casing	CNC machining an aluminum alloy material casing	•

After-Sales Service

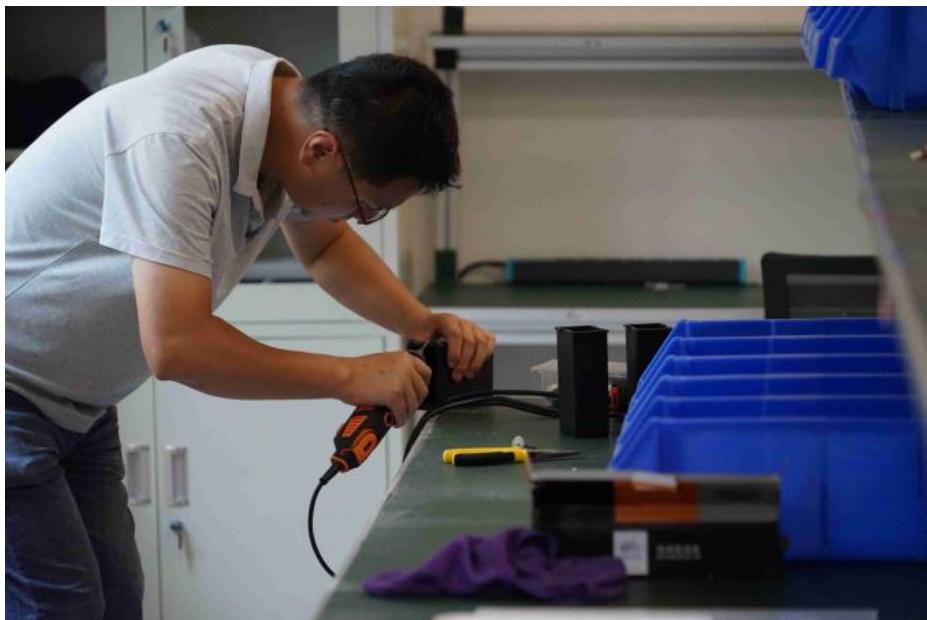

Lifetime free model library upgrades, professional 24/7 online service, customizable colors and languages.

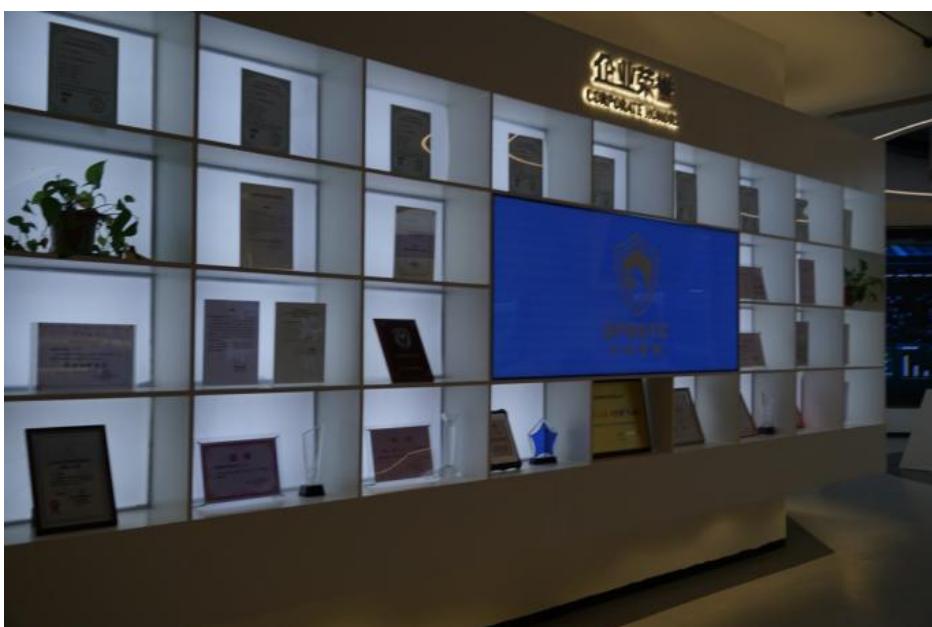

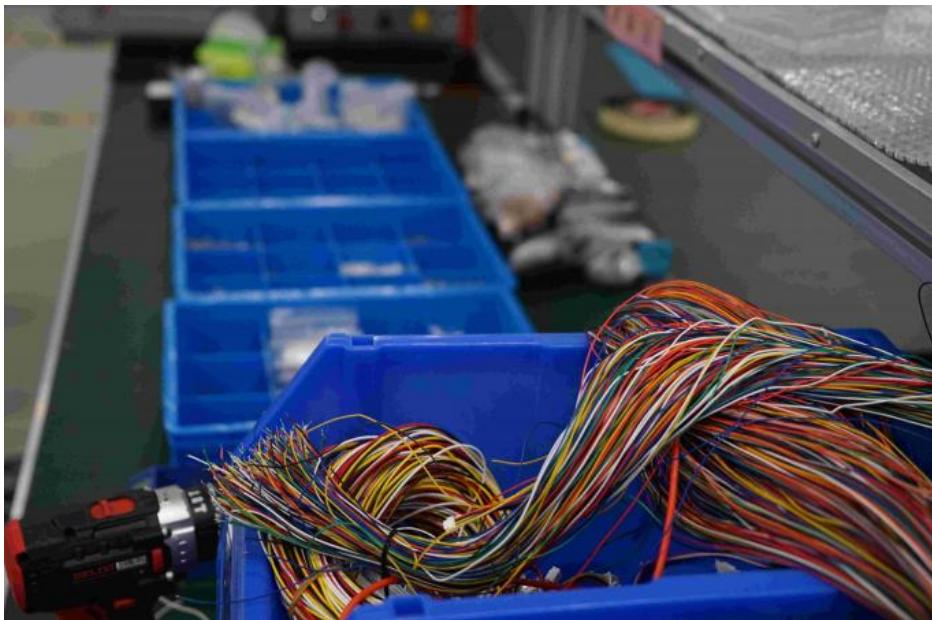

Company Profile

Chongqing Miao Yi Tang Technology Co., Ltd. is a cutting-edge enterprise forged through collaboration between the Internet of Things Research and Development Center of the Chinese Academy of Sciences, Sichuan University Zhisheng Software Co., Ltd. (002253), and a dedicated founding team backed by a \$12 million investment.

Leveraging robust scientific research capabilities and industry-defining expertise, MYT technology is dedicated to pioneering advancements in national security through Internet of Things and artificial intelligence technologies. Our focus lies in AlotT research and development, spearheading the creation of an independent AlotT cloud+edge computing system architecture that facilitates seamless integration of heterogeneous perception information including electromagnetic, optoelectronic, visual, and location data.

Our mission enables intelligent detection, behavior analysis, situation assessment, and precise response across all security facets within ground and low-altitude environments, transitioning from passive to active defense strategies.

Certification & Compliance

The product has obtained dual certification from the Ministry of Public Security and the National Security Center, and is capable of adapting to various severe incidents, possessing military-grade quality.

Partnership Portfolio

Our products are designed for various public safety scenarios and have long provided customized product services to military and public safety departments, earning an excellent reputation in practical operations.

Packaging & Delivery

Supports various logistics methods including shipping, air freight, water transport, and express delivery, covering logistics in 90% of global regions.
