

Handheld Anti Drone System with 1500m Control Distance 120 min Working Time and ≤2kg Weight Wireless Anti Intrusion System

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: MYT
- Certification: CNAS、CMA、CAL、ILAC-MRA
- Model Number: Handheld Drone Anti-Intrusion System
- Minimum Order Quantity: 1
- Price: Pricing is negotiable based on order quantity
- Delivery Time: 10 work days
- Payment Terms: TT,LC
- Supply Ability: 1000units per month

Product Specification

- Highlight: **Anti drone remote control,
Handheld Anti drone remote control,
Handheld Anti Intrusion System**

Product Description

Handheld Anti-Drone Remote Control Wireless Anti-Intrusion System

Advanced handheld drone countermeasure system designed for portable security operations and fixed installation applications.

Product Overview

- One-key switch function with wireless remote control capability
- Multi-function operation with easy configuration
- 4Ah 24V high capacity battery system
- Operating temperature range: -25°C to 60°C

Key Features

- Extended tube control distance technology
- Enhanced fatigue life for prolonged operation
- Portable strap for comfortable handling

Technical Specifications

Control Distance	1500m
Working Time	120 min
Weight	≤2kg

After-Sales Service

- Lifetime free model library upgrades
- Professional 24/7 online technical support
- Customizable colors and languages available
