## Product Description

### 8 Channel Backpack Anti Drone Equipment Jammer Manufacturers Suppliers Wholesale Factory in stock China B8B

#### 1, Functional highlight

- 1) High-power omnidirectional backpack-style drone countermeasure equipment, with precise control of single frequencies to sever the close connection between the drone and the remote controller, forcing the drone to return to its base obediently.
- 2) Equipped with a long-life built-in lithium battery and a plug-and-play battery design for easy replacement at any time.
- 3) Comes with a high-gain spring omnidirectional antenna to achieve 360° all-around countermeasures.
- 4) Cuts off the image transmission channel, preventing the drone from transmitting video and aerial photos, thereby driving away, forcing it to land, or returning it to its base.
- 5) Made of aluminum casing with dual-side ventilation holes, equipped with a remote control handle, precise and powerful single-frequency strikes, and all frequency bands can also be activated simultaneously.

#### 5, Company profile

Chongqing Miao Yitang Technology Co., Ltd. is a specialized company engaged in anti-drone and unmanned intelligent defense management. With the technical support from the AI Internet of Things Research Institute of the Chinese Academy of Sciences and collaborations with multiple intelligent AI companies, the company has established research laboratories for AI unmanned field products, accumulating a variety of technical patents.

The company's products are widely applied to unmanned automatic management solutions for various defense and perimeter areas, including AI anti-drone systems and AI unmanned vehicle patrol systems. These systems integrate with multiple technologies such as optoelectronics, radar, vibration, thermal imaging, facial recognition, and radio frequency management, truly achieving a 24-hour uninterrupted anti-drone defense and ground perimeter defense warning system. This allows for cost savings for clients, reduction in human resource allocation, and ensures the safety of clients' lives and property. The outstanding security system has won the company an excellent reputation and created higher value for its partners.
