

Fixed Directional Drone Jammer For Anti Drone Detection Identification Interference Countermeasure Long Distance

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: MYT
- Certification: CNAS、CMA、CAL、ILAC-MRA
- Model Number: DR200-C
- Minimum Order Quantity: 1 unit
- Price: Negotiable
- Delivery Time: 10days
- Payment Terms: L/C, T/T
- Supply Ability: 500units per month

Product Specification

- Detection Distance: $\geq 10\text{km}$
- Detection Frequency Band: 70MHz-6GHz
- Countermeasure Distance: $\geq 3\text{km}$
- Countermeasure Frequency Band: 410MHz-480MHz, 650MHz-750MHz, 750MHz-850MHz, 850MHz-950MHz, 1080MHz-1200MHz, 1200MHz-1340MHz, 1340MHz-1500MHz, 1560MHz-1620MHz, 5100MHz-5300MHz, 5700MHz-5950MHz, 2450MHz-2600MHz, 5950MHz-6200MHz(customized)
- Highlight: **Fixed Directional Drone Jammer, Long Distance Directional Drone Jammer**

Product Description

Directional Drone Jammer Fixed device for anti drone detection identification interference countermeasure long distance

1, Product Introduction

The device has excellent detection, identification, interference, countermeasure and long-distance working capabilities. It does not require supervision and automatically detects and counteracts drones, letting them hover in place, make an emergency landing or return. It prevents drones from entering the defense zone and protects the safety of low-altitude airspace.

2, Device Features

- 1) Unattended
- 2) Detachable
- 3) Military quality
- 4) Customized services
- 5) Strong scalability
- 6) Precise positioning and tracking
- 7) Super interference to FPV drones

3, Specification

Parameter	Details
Detection technologies	Radio frequency detector, radar system (optional), optoelectronic tracking device (optional)
Detection frequency band	70MHz-6GHz full-band scanning, detection and display
Detection angle	Horizontal: 360°, Pitch:90°
Detection distance	≥10km(depends on working conditions)
Detection response time	≤5s
Countermeasure frequency band	410MHz-480MHz, 650MHz-750MHz, 750MHz-850MHz, 850MHz-950MHz, 1080MHz-1200MHz, 1200MHz-1340MHz, 1340MHz-1500MHz, 1560MHz-1620MHz, 5100MHz-5300MHz, 5700MHz-5950MHz, 2450MHz-2600MHz, 5950MHz-6200MHz(customized)
Countermeasure distance	≥3km(depends on working conditions)
Countermeasure distance	0°-360°
Countermeasure response time	≤5s

Parameter	Details
Material	The device is covered by aviation aluminum
Working temperature	-40°C to +60°C
Storage temperature	-40°C to +80°C
Power consumption	<300W
Weight	≤90kg
Size	1200mm*540mm*1710mm (length*width*height)

4, Ccmpany profile

Chongqing Miao Yitang Technology Co., Ltd. is a specialized company engaged in anti-drone and unmanned intelligent defense management.

With the technical support from the AI Internet of Things Research Institute of the Chinese Academy of Sciences and collaborations with multiple intelligent AI companies, the company has established research laboratories for AI unmanned field products, accumulating a variety of technical patents.

The company's products are widely applied to unmanned automatic management solutions for various defense and perimeter areas, including AI anti-drone systems and AI unmanned vehicle patrol systems. These systems integrate with multiple technologies such as optoelectronics, radar, vibration, thermal imaging, facial recognition, and radio frequency management, truly achieving a 24-hour uninterrupted anti-drone defense and ground perimeter defense warning system. This allows for cost savings for clients, reduction in human resource allocation, and ensures the safety of clients' lives and property. The outstanding security system has won the company an excellent reputation and created higher value for its partners.

5, Certification Certificate

The product has obtained dual certification from the Ministry of Public Security and the National Security Center, and is capable of adapting to various severe incidents, possessing military-grade quality.

6, Partnership Portfolio

Our products are designed for a variety of public safety scenarios and have long provided customized product services to the military and public safety departments, earning an excellent reputation in practical operations.

8, Paking and Delivery

Supports various logistics methods including shipping, air freight, water transport, and express delivery, covering logistics in 90% of the global regions.
