

Portable Handheld Drone Detector with Full-Frequency Detection 3km Range and Video Storage for Evidence Collection

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: MYT
- Certification: CNAS, CMA, CAL, ILAC-MRA
- Model Number: DR400-D
- Minimum Order Quantity: 1
- Price: Pricing is negotiable based on order quantity
- Delivery Time: 10 work days
- Payment Terms: TT,LC
- Supply Ability: 1000units per month

Product Specification

- Detection Distance: ≥3km (good Views And Electromagnetic Environment)
- Video Transmission Interception Distance: ≥1km (good Views And Electromagnetic Environment)
- Team Linkage Alarm: ≥500m (open And Unobstructed Environment)
- Size: 198mm142mm52mm (LengthWidthHeight)
- Highlight: Video Storage Handheld Drone Detector, Full-Frequency Handheld Drone Detector, Investigation Handheld Drone Detector

Product Description

Portable Handheld Drone Detector

Full-frequency detection and video storage for investigation and evidence collection. This advanced device integrates multiple functionalities including comprehensive frequency detection, video transmission signal monitoring, display and control operations, video recording capabilities, and video archiving.

Product Introduction

The FPV Detection and Video Transmission Capture Device precisely recognizes various drones including quadcopters, fixed-wing models, DIY drones, and FPV drones, even in complex electromagnetic environments. It provides auditory, visual, and tactile alerts and is ideal for routine patrols, critical asset protection, team engagements, and investigative evidence collection.

Key Features

- Comprehensive Frequency Monitoring
- Video Archiving Capabilities
- Broadband Frequency Spectrum for FPV Drones
- Video Recording Functionality
- Collaborative Teamwork Support
- Compact and Mobile Configuration

Technical Specifications

Feature	Details
Detection Type	Mainstream drones and most FPV, DIY drones
Detection Frequency Bands	Customizable scanning of 70MHz-6.2GHz, default bands include 400MHz, 800MHz, 900MHz, 1.2GHz, 1.4GHz, 2.4GHz, 5.2GHz, 5.8GHz
Detection Radius	≥3km (good visibility and electromagnetic environment)
FPV Video Transmission Signal Detection	All analog video transmission signals within 300MHz-6GHz frequency bands
Video Transmission Interception Distance	≥1km (good visibility and electromagnetic environment)
Team Linkage Alarm	≥500m (open and unobstructed environment)

Detection Response Time	≤3s (8 frequency bands)
Detection Principle	Spectrum scan, spectrum feature identification
Alarm Mode	Sound, vibration, light
Storage Space	32G memory card
Screen Size	7-inch touch screen
Power Supply Mode	Lithium battery
Battery Life	≥6h (host); ≥10h (wrist watch)
Host Device Size	198mm * 142mm * 52mm (Length * Width * Height)

After-Sales Service

1. 24-hour after-sales service support
2. Online technical support for usage or quality issues
3. 3-month return policy with full refund for undamaged products, or product modification and reshipment options

Company Profile

Chongqing Miao Yitong Technology Co., Ltd. specializes in anti-drone and unmanned intelligent defense management. With technical support from the AI Internet of Things Research Institute of the Chinese Academy of Sciences and collaborations with multiple intelligent AI companies, the company has established research laboratories for AI unmanned field products, accumulating various technical patents.

The company's products are widely applied to unmanned automatic management solutions for various defense and perimeter areas, including AI anti-drone systems and AI unmanned vehicle patrol systems. These systems integrate multiple technologies such as optoelectronics, radar, vibration, thermal imaging, facial recognition, and radio frequency management, achieving 24-hour uninterrupted anti-drone defense and ground perimeter defense warning systems.

Packaging and Delivery

CUSTOMER SERVICE

- * Fast and patient communication: professional sales reply immediately
- * Fast delivery: usually 2-7 days
- * Flexible Safe shipping: fast by air or sea with cheap freight
- * Customer-friendly: complete user manual and exact video training provided
- * After sales service: one year warranty and life time technical support
