

Lightweight Handheld Drone Jammer Gun with grade Quality and Long Battery Life for Anti-Drone Defense

Our Product Introduction

for more products please visit us on chinaantidrone.com

Basic Information

- Place of Origin: China
- Brand Name: MYT
- Certification: CNAS、CMA、CAL、ILAC-MRA
- Model Number: DR300S3
- Minimum Order Quantity: 1
- Price: Pricing is negotiable based on order quantity
- Packaging Details: 25mm*25mm*25mm, 2KG
- Delivery Time: 10-20Days
- Payment Terms: TT,LC
- Supply Ability: 1000units per month

Product Specification

- Defense Frequency Band: 1.5GHz, 2.4GHz, 5.2GHz, 5.8GHz
- Defense Distance: >1000 Meters
- Working Temperature: -40 -+60
- Carrying Method: Handheld, Waist-mounted, Back Strap
- Battery: Builtin Low-temperature Resistant Battery, Standard With 2 Pieces
- Weight: 1.5kg (including The Battery)
- Size: 312mm*60mm*224mm(length*width*height)
- Display Screen: Built In Display To Check Battery Level At Any Time
- Highlight: **lightweight handheld drone jammer gun , anti-drone gun with long battery life , handheld drone jammer for defense**

Directional Drone Jammer Light weight anti drone gun KZ-21

1,Product Introduction

The KZ-21(Hummingbird) is an independently developed lightweight single-soldier device, a powerful tool for drone control within the visual range.

This device operates on the principle of emitting high-intensity electromagnetic waves at specific frequency bands to interfere and counteract the video transmission, data transmission, and positioning signals of drones, forcing unauthorized drones to leave or land. With a total weight of 2kg, compact size, and light weight, this device boasts fast response speed. It can be used independently or in conjunction with drone detection equipment. It is a cost-effective, highly maneuverable portable individual drone countermeasure device, widely applicable in patrol reconnaissance, escort protection, area defense, and other fields.

2,Functional highlight

- **grade Quality:** Excellent heat dissipation, unfazed by harsh weather conditions.
- **Long Battery Life:** Rechargeable lithium battery pack, with strong endurance capabilities.
- **Lightweight Design:** Compact and lightweight, suitable for personal carry.
- **Strong Environmental Adaptability:** Capable of adapting to complex environments such as high temperatures, extreme cold, and high altitudes.
- **High Integration:** Highly integrated microwave circuits, with a compact miniaturized antenna design.
- **Easy Operation:** Can be controlled with one hand, ready to use immediately.

3,Specification

KZ-21 Specification	
Defense frequency band	1.5GHz, 2.4GHz, 5.2GHz, 5.8GHz

Defense distance	>1000 Meters
Working temperature	-10 ~+50
Carrying method	Handheld,waist-mounted,back strap
Battery	Built-in low-temperature resistant battery, standard with 2 pieces
Weight	2kg (including the battery)
Size	312mm*60mm*224mm(length*width*height)
Display screen	Built-in display to check battery level at any time
Material of casing	CNC machining an aluminum alloy material casing

KZ-21

Lightweight Drone Jamming Device

The device is lightweight, individual-used, and portable. While ensuring defensive performance, the device is highly integrated with microwave circuits and small antennas. It is powerful for controlling drones within the visual range.

Efficient Strike within **1km** | Lightweight Design of **2kg**
 Long Battery Life of **24h** | **One Click Trigger**
Good Price/Performance Ratio

4, Customer Service

CUSTOMER SERVICE

- * Fast and patient communication: professional sales reply immediately
- * Fast delivery: usually 2-7 days
- * Flexible Safe shipping: fast by air or sea with cheap freight
- * Customer-friendly: complete user manual and exact video training provided
- * After sales service: one year warranty and life time technical support
