

Light Weight Handheld Drone Jammer Gun with 2.4GHz 5.8GHz Frequency and 1000 Meters Defense Range

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: MYT
- Certification: CNAS、CMA、CAL、ILAC-MRA
- Model Number: KZ-21
- Minimum Order Quantity: 1
- Price: Pricing is negotiable based on order quantity
- Packaging Details: 25mm*25mm*25mm, 2KG
- Delivery Time: 10-20Days
- Payment Terms: TT,LC
- Supply Ability: 1000units per month

Product Specification

- Defense Frequency Band: 1.5GHz, 2.4GHz, 5.2GHz, 5.8GHz
- Defense Distance: >1000 Meters
- Working Temperature: -40 -+60
- Carrying Method: Handheld, Waist-mounted, Back Strap
- Battery: Builtin Low-temperature Resistant Battery, Standard With 2 Pieces
- Weight: 1.5kg (including The Battery)
- Size: 312mm*60mm*224mm(length*width*height)
- Display Screen: Built In Display To Check Battery Level At Any Time
- Highlight: **lightweight handheld drone jammer gun , anti drone gun 2.4GHz 5.8GHz, drone jammer with 1000m range**

Light Weight Drone Jammer Gun / 2.4GHz 5.8GHz Handheld Anti Drone KZ-21

Product Overview

The KZ-21 (Hummingbird) is an independently developed lightweight single-soldier device, designed as a powerful tool for drone control within visual range. This device operates by emitting high-intensity electromagnetic waves at specific frequency bands to interfere with and counteract video transmission, data transmission, and positioning signals of drones, forcing unauthorized drones to leave or land.

With a total weight of 2kg, compact size, and lightweight design, this device boasts fast response speed. It can be used independently or in conjunction with drone detection equipment. It is a cost-effective, highly maneuverable portable individual drone countermeasure device, widely applicable in patrol reconnaissance, escort protection, area defense, and other operational fields.

Key Features

Military-grade Quality: Excellent heat dissipation, unfazed by harsh weather conditions

Long Battery Life: Rechargeable lithium battery pack with strong endurance capabilities

Lightweight Design: Compact and lightweight, suitable for personal carry

Strong Environmental Adaptability: Capable of adapting to complex environments including high temperatures, extreme cold, and high altitudes

High Integration: Highly integrated microwave circuits with compact miniaturized antenna design

Easy Operation: Can be controlled with one hand, ready to use immediately

Technical Specifications

Specification	Details
Defense Frequency Band	1.5GHz, 2.4GHz, 5.2GHz, 5.8GHz
Defense Distance	>1000 Meters
Working Temperature	-10 to +50
Carrying Method	Handheld, waist-mounted, back strap
Battery	Built-in low-temperature resistant battery, standard with 2 pieces
Weight	2kg (including the battery)
Size	312mm × 60mm × 224mm (length × width × height)
Display Screen	Built-in display to check battery level at any time
Material of Casing	CNC machining an aluminum alloy material casing

DR400s
Lightweight drone countermeasure device

- Efficient strike within **1km** ▪
- Lightweight design of **2kg** ▪
- Long battery life of **24h** ▪
- One click trigger** ▪
- High configuration with low price** ▪

SPBATC

The device is lightweight, individual-used, and portable. While ensuring defensive performance, the device is highly integrated with microwave circuits and small antennas. It is a powerful tool for controlling drones within the visual range.

| DEVICE FEATURES

Lightweight design

Superior performance

Super long battery life

One-button trigger

Practical design

APPLICATION SCENARIOS

Public security

Border patrol

Battlefield individual protection

DEVICE PARAMETERS

Countermeasure frequency band	1550MHz-1620MHz, 2400MHz-2500MHz, 5150MHz-5250MHz, 5700MHz-5900MHz
Countermeasure distance	≥1km
Working temperature	-40°C +60°C
Usage	Handheld, carried on the waist and back...
Battery	Two built-in low temperature resistant lithium batteries
Weight	≤2kg (including the battery)
Size	355mm*60mm*255mm (length*width*height)

Customer Service

Our dedicated customer service team is available to provide technical support and assistance for all your KZ-21 drone jammer needs.

CUSTOMER SERVICE

- * Fast and patient communication: professional sales reply immediately
- * Fast delivery: usually 2-7 days
- * Flexible Safe shipping: fast by air or sea with cheap freight
- * Customer-friendly: complete user manual and exact video training provided
- * After sales service: one year warranty and life time technical support
