

DF-04 Portable Drone Detector SDR Spectrum Sensing Unit 300MHz-6GHz Amplitude Comparison Direction Finding For Field Low Altitude Airspace Target Observation

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: MYT
- Certification: CE, FCC, ISO9001
- Model Number: DF-04
- Minimum Order Quantity: 2
- Price: Pricing is negotiable based on order quantity
- Delivery Time: 10 work days
- Payment Terms: L/C,T/T
- Supply Ability: 1000units per month

Product Specification

- Application: Public Places
- Feature: Remote Control
- Working System: Directional Antenna
- Working Band: 300MHz-6000MHz
- Range Of Radar: 3KM-5KM
- Effective Detection Range: 1KM-3KM
- Transmission Frequency Band: 9 Bands
- Elevation Coverage: 360°
- Azimuth Coverage: ≥90°
- Azimuth Accuracy: ≤1.0°
- Pitch Accuracy: ≤1.0°
- Power: 600W
- Highlight: Portable drone detector 300MHz-6GHz,
SDR spectrum sensing unit,
Amplitude comparison direction finding

Product Description

Portable Drone Detector SDR Spectrum-sensing Unit For Field Low-altitude Target Observation

Product Overview

DF-04 portable drone detector adopts SDR spectrum sensing technology for field low-altitude airspace target observation. It supports 300MHz-6GHz wideband scanning and amplitude comparison direction finding to locate incoming drone signals. This unit can be mounted on a tripod for temporary fixed-point monitoring and features an IP66 rugged housing for reliable outdoor operation.

Technical Specifications

Parameter	Specification
Working System	SDR Signal Source
Working Band	300MHz-1000MHz (Customized) 1000MHz-3000MHz (Customized) 3000MHz-6000MHz (Customized)
Detection Range	3-5KM
DID RID Analysis Distance	3KM
Azimuth Coverage	≥90°
Elevation Coverage	360°
Direction	Automatic Directional Finding
Each SDR Power	100W
Distance	1-2KM (1:1)

Working Temperature	-40 ~+55
Weight (N.W)	≤45kg

Company Profile

Chongqing Miao Yi Tang Technology Co., Ltd. is a cutting-edge enterprise forged through collaboration between the Internet of Things Research and Development Center of the Chinese Academy of Sciences, Sichuan University Zhisheng Software Co., Ltd. (002253), and a dedicated founding team backed by a \$12 million investment.

Leveraging the robust scientific research capabilities of the Chinese Academy of Sciences and the industry-defining expertise of Sichuan University, MYT technology is dedicated to pioneering advancements in the national security domain through the application of Internet of Things and artificial intelligence technologies.

Our focus lies in AIoT research and development, spearheading the creation of an independent AIoT cloud+edge computing system architecture. This breakthrough architecture facilitates the seamless integration of heterogeneous perception information—such as electromagnetic, optoelectronic, visual, and location data—culminating in a comprehensive three-dimensional defense system against intrusion.

Our mission is to enable intelligent detection, behavior analysis, situation assessment, and precise response across all security facets within ground and low-altitude environments. By transitioning from passive to active defense strategies and fostering a paradigm shift from partial to comprehensive protection, we aim to elevate anti-intrusion security systems to new heights.

Technical Support & Services

At DF-04, we provide our customers with comprehensive technical support and services. Our technical support team is available 24/7 to help with any questions or problems you may have. With years of experience, our team is equipped to handle a variety of issues that may arise. We also offer remote support if needed.

In addition to technical support, we also provide a variety of services to help our customers get the most out of their Anti-Drone systems. We offer installation and setup services, as well as maintenance and repair services. We also offer customized solutions to meet specific customer needs.

At DF-04, we strive to provide our customers with the best possible service and technical support. If you have any questions or concerns, please don't hesitate to reach out to our team.
